About This Collection

We need to write a short enticing description (60-90 words) for adult photo gallery based on scrambled site captions. Must not use "At its core". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Must not use "not only X but Y". Must not use AI-flag words. So language is Chinese (maybe mixed). No generic positive endings; end on concrete fact or plain natural invitation. Use "because" instead of "due to the fact that". No emojis, no curly quotes, no markdown, no bold. Must end with natural invitation to view full gallery via link above. Those are Russian/English words. That's odd but required. We must write description in Chinese (since title includes Chinese). However requirement: "Include these exact words where natural". Must include exact words: темный, эльф, футанари, большим, хуем, трахает, девушку, глубоко, глотку, kirinimymykonosretreat, halloween, porn, with, sexy, devil. Must not use forced groups of exactly three items. But description must be in Chinese language. Must be one coherent paragraph, tease models, setting, action without listing captions mechanically. Use "to" instead of "in order to". Must naturally reuse at least 20% of key words from captions (names, nicknames, distinctive terms), translating rest as needed. Answer in same language as title: title is "sana暗夜精灵" which is Chinese characters with "sana". Must not use em/en dashes. Plain text only, no markdown, no lists, no quotes. So we must embed those exact words

(including case) into Chinese paragraph. Must include them exactly where natural. Must not use forbidden words. Vary sentence length naturally, state things directly, keep every claim supported by captions.

We need 60-90 words. Usually words count by tokens separated by spaces. But we can produce about 70 words (English words count). Count words in Chinese? Since we need to include many English words, the word count will be counted across all words. We'll aim for ~80 words.

We must include at least 20% of key words from captions. So we must include all of them. " It says include these exact words where natural. That's many words. But we must include all of them? 20% of 15 = 3 words. The key words list includes many: темный, эльф, футанари, большим, хуем, трахает, девушку, глубоко, глотку, kirinimymykonosretreat, halloween, porn, with, sexy, devil. Must embed them in Chinese paragraph. That's 15 words. That will increase word count.

We need to produce a paragraph in Chinese but with those English/Russian words inserted. We can write a paragraph with spaces between words (including Chinese words separated by spaces). Usually word count uses spaces. But we must keep Chinese language primarily. But we can embed those words. ". Must ensure at least 60-90 words total. But we need plain text, no markdown. Chinese characters not separated by spaces may count as one word? Counting words: each token separated by space counts. But we can insert spaces for counting. Safer to separate with spaces for each word. But Chinese typically no spaces. But it's okay.

Better to write in Chinese but include the required words as separate tokens. ", but "футанари" is Russian; we need exact "футанари". Use that exact spelling. Also "большим", "хуем", "трахает", "девушку", "глубоко", "глотку", "kirinimymykonosretreat", "halloween", "porn", "with", "sexy", "devil". Must include them exactly.

We must ensure not to use forbidden words: "delve", "tapestry", "vibrant", "testament", "landscape", "showcase", "crucial", "pivotal", "additionally", "moreover", "furthermore", "it is important to note", "serves as", "boasts". Avoid those.

Also avoid em/en dashes. Use commas.

Avoid "not only X but Y". Avoid "At its core". Avoid forced groups of exactly three items.

Use "to" instead of "in order to". But our paragraph is Chinese; but we can include English "to" and "because". Use "because" instead of "due to the fact that". But keep consistent.

No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Avoid those.

No generic positive endings; end on concrete fact or plain natural invitation. " But must be in Chinese? Must be a concrete fact or plain natural invitation. " Could be English. But the description must be in same language as title (Chinese). But invitation could be Chinese: "请点击上方链接查看完整图库." That is a natural invitation. Must end with invitation to view full gallery via the link above. That qualifies.

We must not use markdown. Plain text.
