About This Collection

We need to write a short enticing description (60-90 words) for adult photo gallery based on scrambled site captions. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). Hatake no Oniku) Minamoto I Shouldn't Have Gone To The Doujinshi Conve... So description should be in Japanese (likely). Title: "shinseki no ko to otomari". comic-porno-tomari-no-bitch-nee-chan--watanabe-tou--comico-de... Captions contain many terms: "Kakko Tsukete Eroi Koto ni Kyoumi nai Hurishite tara Ore no Houga Sakini Su... Must be plain text, no markdown, no lists, no quotes. "shinseki no ko to otomari" romanized Japanese. Title appears Japanese? mp4preview9. Write description in same language as title. Shinseki no Ko to o Tomari Dakara.

We need to reuse at least 20% of key words. Let's identify key words: "Shinseki no Ko to o Tomari", "Tomari", "Kara", "Misadventures", "Kara", "Hatake no Oniku", "Minamoto", "Watanabe Tou", "Bitch nee-chan", "DeliHeal", "Kaa-chan", "Gakini Modotte", "Angel Club", "Super Smash Gals", "Ultimate Orgy". But we need at least 20% of key words. Not sure count. Also "hmilf", "large breasts", "short hair", "low ponytail", "medium locks". But we can include several.

We must write 60-90 words in Japanese. Use "because" instead of "due to the fact that". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Must not use forbidden words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No emojis, no curly quotes, no markdown, no bold. Also no em/en dashes, no "not only X but Y", "At its core", forced groups of exactly three items. Use "to" instead of "in order to". No generic positive endings; end on a concrete fact or plain natural invitation. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must produce a single paragraph (coherent). But we can aim for about 70 Japanese words (maybe 70 tokens). 60-90 words in Japanese. Count words? Japanese words count differently. Let's approximate.

We need to incorporate at least 20% of key words. Suppose there are ~15 key words; 20% = 3. So include at least 3 key words. We'll include "Shinseki no Ko to o Tomari", "Kara", "Watanabe Tou", "Angel Club". That's four.

We must not use any forbidden words. Also no dash. Ensure not using "delve", etc. Use commas.

We must end with a natural invitation to view the full gallery via the link above. So end with something like "リンクから全編をご覧ください。" That's a concrete invitation.

We must not use markdown. Plain text.

We must write in Japanese. Let's craft a paragraph ~70 Japanese words.

Count words: Japanese words separated by spaces? That would be weird. Safer to produce about 70 Japanese "words" separated by spaces? But we can separate by spaces for counting. But typical Japanese doesn't use spaces. Could produce 70 English words but in Japanese script? In Japanese, each "word" maybe separated by spaces if we put spaces. " Title is romanized Japanese, but language is Japanese. Better to produce around 70 Japanese "words" counting each morphological unit separated by space. So description in Japanese. But requirement is 60-90 words. Hard. But we can count approximate characters. Usually not. Word count maybe counted in Japanese tokens? But we can just produce a paragraph of about 70 Japanese characters? But they'd likely count words separated by spaces. But we can produce about 70 English words but in Japanese? But they likely count English words. Hmm.

But the instruction: "Write a short, enticing description (60-90 words)". But we can produce around 70 Japanese words separated by spaces to be safe. Usually they count words in English. But they ask to write in same language as title (Japanese). Might be ambiguous. Could be they count Japanese words separated by spaces? But that would look unnatural. But it's okay.

But we must not use markdown. Plain text. No bold. No quotes.
