About This Collection

This adult reimagining of Violet Parr blends Disney and Pixar-inspired fantasy with the familiar world of The Incredibles and a hint of Frozen. Helen Parr's name surfaces alongside Violet in a mix of AI generated stills, 3D Source Filmer scenes, Patreon photo collections, and comic-style slideshows, all built around the rule 34 premise that Violet exists. The result is playful, teasing, and deliberately over the edge. Follow the link above to view the full gallery.
