About This Collection

Here's a thinking process:

1. Analyze the Request:

- Input: A list of scrambled site captions related to an adult photo gallery/artist named "Ye Birdie" / "YeBirdie" with various tags, series (SKYRIM, 3d, etc.), and sites (EPORNER, Lewd.ninja, etc.)
- Task: Write a short, enticing description (60-90 words) for an adult photo gallery based on these captions.
- Constraints:
 - Coherent, engaging paragraph, tease models/setting/action without listing captions mechanically
 - Reuse at least 20% of key words from captions (names, nicknames, distinctive terms)
 - Translate the rest as needed
 - End with a natural invitation to view the full gallery via the link above
 - Plain text only, no markdown, no lists, no quotes
- Answer in the same language as the input (the title is "yebirdie", which is English/Latin script, but captions have Japanese and English; I need to output in English since the title is "yebirdie" and the instruction says "Answer in the same language as the input" - the input's title is "yebirdie", but the captions are mixed. I'll assume English is the target language, as the title is Latin script and the user says "Write the entire description in the same language as this title, regardless of the captions language." So English.)
- Never use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts"
